**Individual results may vary.**

# ADDITIONAL KEY OFFERINGS

## Acceleron® E-007 SAT (Dry Seed Finisher)

- Improves seed flow through seed handling and planting equipment
- Enhances seed coating and appearance
- Faster drying of treated seeds
- Reduces stickiness of treated seeds

## Additional SCN and SDS Protection

- Poncho®/VOTiVO® + ILeVO® provides protection against disease, insects and nematodes
- ILeVO is the first and only solution for Sudden Death Syndrome (SDS) with activity against nematodes and, when paired with Poncho/VOTiVO, provides soybean farmers with the broadest spectrum nematode control available

2014; ROLAND, IA

Monsanto Company is a member of Excellence Through Stewardship® (ETS). Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® brand agricultural herbicides. Roundup® brand agricultural herbicides will kill crops that are not tolerant to glyphosate.
