

# IT'S ON

## The Nitrogen You Need. Now On-Seed!

Pivot Bio PROVEN<sup>®</sup> 40 is now available directly on-seed. This convenient nitrogen on-seed application eliminates the need for extra equipment and field passes, saving you time and the hassle of dealing with synthetic nitrogen. Plus, it's weatherproof, with no loss to leaching, denitrification or volatilization.

Plant a little predictability and turn to a **better** nitrogen. Turn to Pivot Bio.

One Pro Box of Pivot Bio PROVEN<sup>®</sup> 40 On-Seed has the equivalent nitrogen of:

- **5.4 Tons OF UREA**
- **1,700 Gal. OF UAN 28%**
- **1,200 Gal. OF ANHYDROUS**

Eliminating the need for extra equipment and field passes, saving you time and costs.
