

CORN SEED

DKC103-07RIB Brand Blend

Brand Blend

DKC103-07RIB Brand Blend has shown strong yield performance potential, very strong emergence package, and improved agronomics within the DEKALB® 105 RM portfolio

Selected Trait: **Trecepta™ RIB Complete® corn blend**

TRERIB

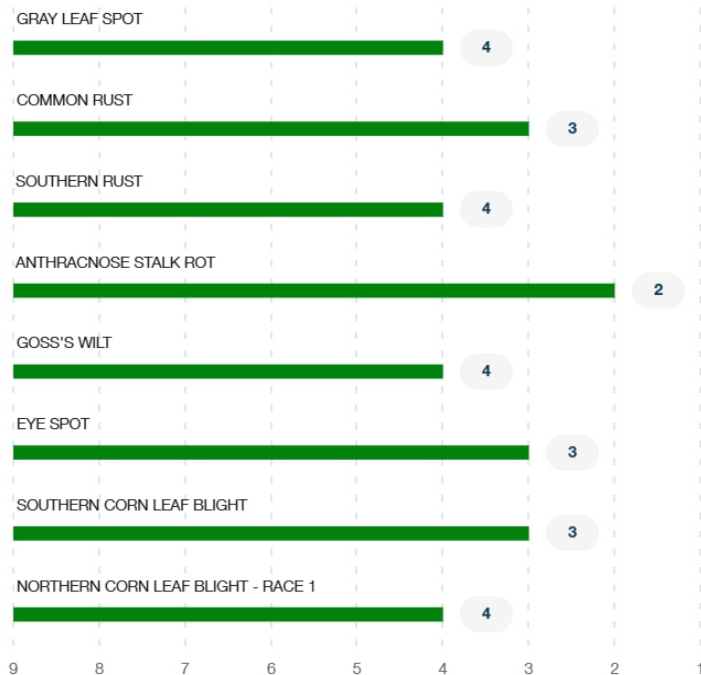

Maturity **103**

Strengths

- Has shown very strong emergence and solid seedling vigor
- Target medium to medium low populations for best performance with this girthy, deep kernalled, flex ear type
- Can provide very nice grain quality and test weight
- Excellent plant stature with medium short plant height and medium low ear height
- Has demonstrated above average heat and drought stress tolerance
- Trecepta® Technology provides broad spectrum control of key above ground pests

 New Product

National Rating Scale

1 = Excellent, 9 = Poor, NR = Not Recommended, - = data is insufficient at this time.

Herbicide Sensitivity

A = Acceptable, C = Caution, W = Warning. Environmental conditions may cause herbicide interactions different than indicated for a particular growing season.

Herbicide Tolerance

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.

GDU (Growing Degree Unit)

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.
