

CORN SEED

DKC44-97RIB Brand Blend

Brand Blend

DKC44-97RIB Brand Blend is a hybrid that has shown outstanding, next generation yield potential on a medium statured plant. It can provide a well balanced agronomic and disease tolerance package for broad acre utilization spanning the 90 and 95 relative maturity band.

Selected Trait: **SmartStax® RIB Complete® corn blend**

SSRIB

Maturity **94**

Strengths

- Shown to be a versatile hybrid that can be planted across different soil types, tillage and crop management practices
- Good emergence and seedling vigor
- Has demonstrated very strong agronomics including stalk and root strength as well as greensnap tolerance
- Excellent staygreen and fall harvest appearance
- Very good grain quality and test weight
- Has shown good husk cover properties and excellent drydown
- Hybrid prefers medium to medium high planting rates
- Potential for dual purpose silage usage
- Good Goss's Wilt tolerance

Not Recommended

New Product

National Rating Scale

1 = Excellent, 9 = Poor, NR = Not Recommended, - = data is insufficient at this time.

Herbicide Sensitivity

A = Acceptable, C = Caution, W = Warning. Environmental conditions may cause herbicide interactions different than indicated for a particular growing season.

Herbicide Tolerance

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.

GDU (Growing Degree Unit)

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.
