

CORN SEED

# DKC55-54RIB Brand Blend

## Brand Blend

DKC55-54RIB Brand Blend has shown consistent yields under drought stress as well as in productive environments. A strong agronomic and disease package help make this product suited to most environments and management systems.

Selected Trait: **DroughtGard™ Hybrids with VT Double PRO® RIB corn blend**

DGVT2PRIIB

Disease Shield

Maturity **105**

## Strengths

- Can provide strong physoderma tolerance
- Strong Goss's Wilt and greensnap ratings
- Plant at medium to medium-high populations to help maximize performance
- Adaptable to corn following corn rotations
- Excellent silage yield potential with strong quality data
- Use appropriate caution when using growth regulator herbicides

## Product Details

### Disease Ratings (Gray Leaf Spot + 5 More)

**Product Details Key:** ^

**Local Rating Scale**

-  Highly Recommended
-  Recommended with Management
-  Use with Management
-  Not Recommended

**National Rating Scale**

1 = Excellent, 9 = Poor, NR = Not Recommended, - = data is insufficient at this time.

**Herbicide Sensitivity**

A = Acceptable, C = Caution, W = Warning. Environmental conditions may cause herbicide interactions different than indicated for a particular growing season.

**Herbicide Tolerance**

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.

**GDU (Growing Degree Unit)**

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.
