

CORN SEED

DKC62-68 Brand

Brand

DKC62-68 Brand is an eye-catching robust 112 RM product that has shown outstanding performance potential; broadly adapted across yield environments with excellent Southern movement. Strong standability, test weight, and late season harvest appearance are additional features of this product.

Selected Trait: **Roundup Ready® Corn 2**

RR2

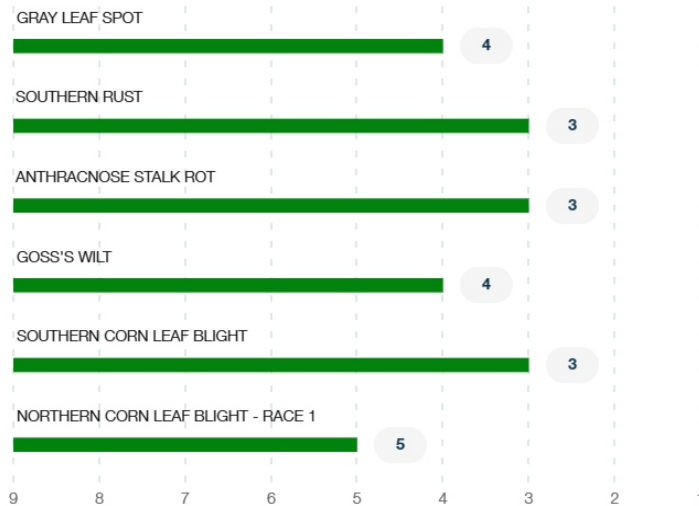

Maturity **112**

Strengths

- Attractive product with outstanding high yield potential across yield zones
- Very strong root and stalk strength
- Has shown a good overall disease tolerance package highlighted with very good Southern Rust and Southern Corn Leaf Blight tolerance
- Product has shown good drought stress tolerance for tough conditions
- Excellent fall intactness and harvest appearance
- Product has exhibited excellent grain quality and test weight; high food grade potential
- Has shown very good Anthracnose Stalk Rot tolerance
- Can provide very good husk on a semi-flex ear type
- Has shown to be a slow drydown product
- Planting population versatility, highly adaptable across most soil types

Product Details Key:

Local Rating Scale

 Highly Recommended

 Recommended with Management

 Use with Management

 Not Recommended

 New Product

National Rating Scale

1 = Excellent, 9 = Poor, NR = Not Recommended, - = data is insufficient at this time.

Herbicide Sensitivity

A = Acceptable, C = Caution, W = Warning. Environmental conditions may cause herbicide interactions different than indicated for a particular growing season.

Herbicide Tolerance

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.

GDU (Growing Degree Unit)

Ratings are based on observations and research using herbicides at labeled and above labeled rates to simulate extreme environmental conditions, misapplication and adverse soil pH or organic content.
